

## The City of Fitchburg Wants Your Input for our first Sustainability Plan!

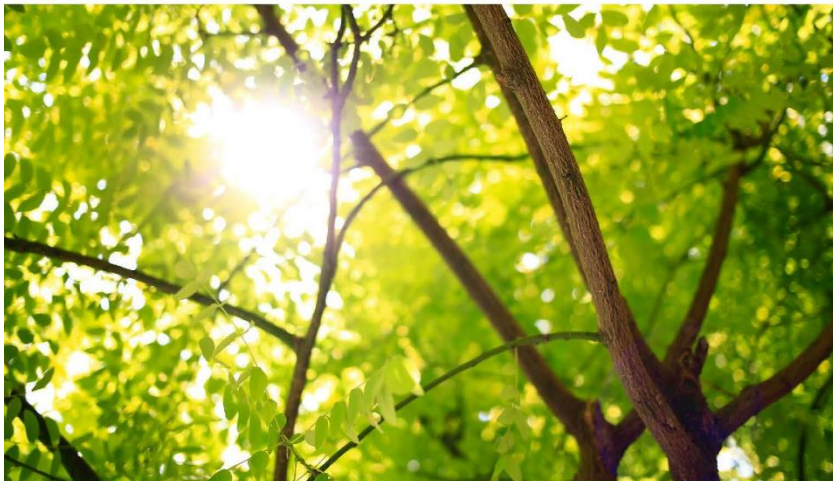

The City of Fitchburg will be developing our first Sustainability Plan over the next year. We have launched an online survey to collect input from residents and businesses. This survey is to help us identify perceptions, needs, opportunities, priorities, and issues for the City to address in the Sustainability Plan.

To help us better understand the comments we receive we ask for you to identify if you live or work in the City of Fitchburg, however, all are welcome to take this survey whether or not you live or work in the county.

### We want to hear from you!

The City of Fitchburg's Sustainability Survey and help shape our sustainability priorities. Please share the survey with your neighbors, friends, and family.
